TO ANY FAMILY OR FRIENDS
WHO FIND THIS BOOK LYING AROUND

So I bet you must be wondering what this kind of book is doing here? Well,

Ⓢ The owner of this book has put a check in the box to mark the appropriate explanation.

- () Yes, I hereby admit that I adore boy-on-boy manga and have bought this book by my own free will. Yeah baby, gay love rocks!
- () I have a slightly odd friend, who forced this book upon me. It's a little disturbing, really.
- () Obviously I only left it lying around as a prank, just so I could see the look on your face! Did I getcha?
- () I started hearing these little voices in my head, and the next thing I knew I was standing in the bookshop with this book in my hand. I'd already paid for it, too. Wah, I'm scared!
- () Other
- ()

I hope the above has explained everything you need to know. Now that you're enlightened, please place the book gently back in its place, turn around, and slowly walk away.

- ii If possible, please don't mention the fact that you've found this book is rare.
- iii For the record, it's highly unlikely that the author or publishing company have anything to do with the owner of the book. So don't try to sue.

DON'T REMOVE MY SEIFUKU!

DON'T REMOVE MY UNIFORM!

I can't remember why I decided to include a sailor uniform. I wonder if it was because I thought that a cute one would be really nice. As that as it may, the reason why I drew this outfit was because I thought that the boys could switch once they grew up a little bit. If they have sex now, Sessanta will really become a man in some ways than now.

It must be pretty obvious by now that I love white socks, or legs. I confess! More than food and movies, I love white socks! Black reminds me. I just wrote somewhere that I really want to draw smaller legs being all heavy down one day, and now I did!

It also came to me while I was drawing up my art for proving that it's my rough sketches the parody was actually the other way around. It was Sessanta's fault! I can't live the life of me remember when I decided to reverse it, but I guess who's on top doesn't matter anymore.

files. And I really drew something like that? But I gotta say that a Korean-speaking kid who's also a huge monster does have potential! This was a story where I didn't really know where I was going with this character. And besides, I only had 24 pages, so I couldn't really tell him why Kuo was so mean. In the comic here I wanted to explore Bruce taking advantage of Kuo's parents.

It really lived up to the name! At last Moys was supposed to be the tough real one, but he ended up obsessed with Remogosa's team - what's more, I was really shocked when people kept telling me that Moys was totally slowly turning into an idiot. That was so weird! I mean, I never meant for that to happen.

Well then, this is the last page of the book, but I can't promise that it's the end for this couple. If at all possible, I'd love to have a story where it takes their relationship and I live without Maya anymore. Maybe one day... I've also published snippets of this couple, so if you bump into those somewhere please feel free to read them.

Also, I'm really going to have to say goodbye soon. There wasn't that many pages of anime drawings this time around but I'm happy if you enjoyed them at least a little. It also can't help but feel that while I am not to make a deep book I ended up with something fun!

I'd love to hear your opinions and comments, say your

being, when I'm finished you know that of the same situation for this book, the person I love with passed out that Kagome looks about twelve years old. She was right, but in that point it was too late. As this is my last notebook in a while with a three or more in total, I want all out with this one. We've got 1) a glimpse of anime, 2) a random and 3) some books. When I found the drawing to my anime brain, she went all "But this can't just a glimpse, you can see her smile really well."

I've got so many hard moments of this book from even before I got published.
